

Professional Development and Resource Support for Schools

The [Canadian Centre for Child Protection](#) (Canadian Centre) is a national charity dedicated to the personal safety of all children. Our goal is to reduce the sexual abuse and exploitation of children, assist in the location of missing children, and prevent child victimization through a number of programs, services, and resources for Canadian families, educators, child-serving organizations, law enforcement, and other parties.

The Canadian Centre offers online professional development training, as well as specialized resources for school staff (e.g., teachers, educational assistants, clinicians, counsellors, administrators, ECEs, bus drivers, custodians, etc.).
